LEAVES YOKOHAMA FOR

### WESTERLY AUTOMOBILE

Death of Mary A. Philbrook Was Unavoidable, Coroner Kingsley Decides-Honors For James O'Sullivan-Nothing New in Watch Hill Hotel Robbery Case -Thomas Allen's Pernicious Activity.

Coroner Kingsley on Thursday aft-meon formed his report of the in-just on the death of Mary Alice Phil-rock, the six years old daughter of Pawcatuck and Mr. E. Z. Mark went to duest on the death of Mary Alice Philbrook, the six years old daughter of Mr. and Mrs. Eugene E. Philbrook, who was struck and killed by an automobile driven by C. Clarence Maxson, Jr., on Wednesday of last week, in Main street, Westerly.

The report says in substance:
To my mind there are four questions to be considered, namely:

1. Was Maxson going at a rate of speed which was excessive, taking into consideration the traffic and layout of Main street?

Acting in behalf of relatives of

of Main street?

2. Was he exercising proper care and giving proper warnings of his

2. Did he see the girl in time to ave avoided the accident?
4. Did he do all in his power to present the accident?
As to the rate of speed which Maxion was going at this point the testionary arises somewhat. Mayon says

As to the rate of speed which Maxson was going at this point the testimony varies somewhat. Maxson says
about five to eight miles an hour. Samnel C. Mitchell says "about as fast
as an ordinary horse could trot," Arthur Kinne, who also drives an automobile, says he was going at a moderate rate of speed. Mrs. Abbie Buffum says that he was not going fast.
Thomas Reynolds says that "he might
have been going ten or eleven miles an
hour when he passed the oil wagon."
George H. Wall, who was in front of
Girvin's, places the speed at from
afteen to eighteen miles an hour. It
would seem to me that the weight of
the testimony shows that he was going somewhere from five to ten miles
an hour. The fact that he stopped his
ear in a car length and according to
the testimony of George B. Wall, in
less than afteen feet, after he struck
the girl, shows that he could not have
been going very fast. Had he been
going very fast he could not have
been going very fast. Had he been
going very fast he could not have
stopped in such a short distance.

The testimony which is filed herewith bears out Mr. Maxson's statement
that he did blow his horn and give
paper warning of his approach.

Prom the testimony it would seem
that he could not see the girl before
she came out from behind the horses'
heads and if such is the fact it does
not appear that he could have seen
her until she was too close to him and
that he could not have bad time to
have prevented the accident.

She went directly in front of the
machine and only a few feet away
when he fret saw her, it would seem
that he did all that was possible to
do in terming the wheels and turning
beth brakes in attempting to stop the
car.

After carefully considering the tes-

After carefully considering the tesmoney I hereby certify that it is my
laten that the death of Mary A. Philseck was caused by collision with an
atomobile driven by C. Clarence Maxno. Jr., on the 25d day of August,
D. 1941, which caused death by
seck and probably fracture of neck
erwical spine).

And I further certify that it is my
plains that said collision was an acdeat and unavoidable.

Steamer Warwick is scheduled to make an excursion trip from Providence to Watch Hill Friday.

There is much interest shown in the athletic carnival to be held in Pawmake an excursion trip from Providence of Westerly, now superintendent of caty delivery of the Philadelphia post-office, celebrated his sixtieth birthday office, celebrated his sixtieth birthday of his intimate friends at Pooner's hotel. Throughout the day he was of his intimate friends at Pooner's hotel. Throughout the day he was visited in his office by many friends who extended congratulations and gave him valuable mementoes of friendship, at many of his his process, the gift of a friend, stood on his desk all day. A sealskin bag, gold penell, were among the other gifts.

Mr. O'Sullivan said at the banquet
that he hoped to pass the next thirty
years in the postoffice, the following
ten in quiet at his home, and then he
said it would be about time to die,
There were thirty-two at the banquet,
including nine Catholic priests of
prominence in Philadelphia,

Thomas Allen is certainly a slippery "Skete" and keeps swinging around the circle which includes Hope Valley, North Stonngton, Stonington and Watch Hill and vicinage. He is here or there today and somewhere else tomorrow, his cunning keeping him out of the clutches of the officers of the liw. He was in Stonington borough on the outskirts, Tuesday evening and between Pleasant View and Watch Hill Wednesday afternoon, where he met a friend from North Stanington who, after a social talk, suggested the securing of some booze, and "Skete" informed him that the booze could be procured easily if he had the price, but the North Stonington man was puzzled, for he had no change, but did have a five-dollar bill. "Skete" solved the problem by suggesting that his friend hand him the bank note and that he would ge get the booze and bring back the change. This was agreeable to the man from North Stonington, and off went "Skete" with the 35 bill. The 5 p. m. West—7.45 a. m., 10.36 a. m., 2.15 p. m., 5 p. m., 7 p. m. ## Why Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The artended was afficient in the content of the part of physicians and physicians. with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: First-The indisputable evidence that it is harmless: Second-That it not only allays stomach pains and quiets the nerves, but assimilates the food: Third-It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expesse danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system-not by stupefying it-and our readers are entitled to the information.—Hall's Journal of Health.

The Kind You Have Always Bought and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children - Experience against Experiment.

### Letters from Prominent Physicians Addressed to Chas. H. Fletcher. Dr. W. L. Leister, of Rogers, Ark., says : " As a practicing phy-

sician I use Castoria and like it very much."

Dr. W. T. Seeley, of Amity, N. Y., says: "I have used your Castoria for several years in my practice and have found it a safe and reliable remedy."

Dr. Raymond M. Evarts, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrapper of the imitation."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria in my practice, and in my family."

Dr. Wm. I. McCann or Omaha, Neb., says: " As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

City, says: "It is with great pleasmedicinal virtue of your Castoria. in the case of my own daughter, Fletcher's." and have obtained excellent resul a from its administration to oth r children in my practice."

Dr. J. R. Clausen, of Philadelphia, Pa., says : "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. B. Halstead Scott, of Chicago, Ill., says : "I have prescribed your Castoria often for infants during my practice and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "You Castoria etands first in its class In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. R. J. Hamlen, of Detroit, Mich., says: I prescribe your Cas-Dr. Howard James, of New York, toria extensively as I have never found anything to equal it for chilure that I desire to testify to the dren's troubles. I am aware that there are imitations in the field, but I have used it with marked benefit I always see that my patients get

Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative I consider it the peer of anything shat I ever prescribed."

Dr. L. O. Morgan, of So. Amboy, N. J. says: "I prescribe your Castoria every day for children who are suffering from constipation, with better effect than I receive from any other combination of drugs."

Dr. H. J. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. Wm. L. Bosserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."

Dr. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully." .
